Phenomenal session!

Thanks for telling your personal story. Impactful.

Phenomenal main stage motivational speaker! Excellent choice. With the DEI contender focus, Abby's presentation was perfect!

Great to get her as a speaker. Perspective of "real" problems is important and how our products can help people ... though I do not think she ever said if she had a DI or Supp Health policy that helped her through.

What was the highlight of the conference?

Dinner social hour first night was very good. Keynote speaker (Abby Stephens) was inspirational.

The last two keynote speakers

Keynote speaker Abby was also incredibly motivational and was a tremendous close out to the conference

Keynote speaker, Abby Stephens

The Keynote speaker was wonderful.
